Pinnacle Named One of *Dallas Business Journal's* Best Places to Work for 2009!

Pinnacle Partners In Medicine has been named one of *Dallas Business Journal's* Best Places to Work for 2009!

We earned this valued distinction by achieving a best practice score as defined by Quantum Workplace, an independent research firm that administered the employee surveys on behalf of the *Dallas Business Journal*. The best practice scores were 85 or higher for large companies (500 or more local employees).

The ranking order of honoree companies was revealed at a special Best Places to Work awards luncheon on Sept. 17th. Pinnacle is proud to have been ranked No. 16 out of 162 honorees! The rankings were also published in the *Dallas Business Journal* special publication on Sept. 18th.
